

WESTONING PARISH COUNCIL

IMPORTANT NOTICE

PROPOSED SAMPSHILL SOLAR FARM

Westoning Parish Council has produced a short questionnaire to gather your views on key aspects of the Sampshill Solar Farm planning application CB/21/02583/FULL. The questionnaire can be downloaded from the Parish Council website. The Solar Farm, if approved and constructed, will have a major impact on Westoning for the next 40 years

Full details of the 162 acre Solar Farm planning application can be viewed on the CBC website. You can submit your views on the application, for or against, directly to CBC.

Current COVID-19 restrictions prevent the PC holding a public meeting on this application and it would not be possible for more than a handful of residents to be present to express their views at a PC meeting when this application is considered. We have, therefore, produced a short questionnaire which you are invited to complete and return to the Parish Council.

Before the Parish Council submits its view to CBC on behalf of the whole village, we would like to be aware of YOUR views so that we can ensure that the PC submission reflects the views of our residents. If you have a view on the proposed solar farm development, it would be greatly appreciated if you could complete and return the Questionnaire to us by Friday 5th July. A small number of hard copies of the Questionnaire for those unable to print off their own copy will be available on request from Westoning Recreation Club during opening hours.

Once completed, the questionnaire can either be sent to WPC as hard copy or by scanning the questionnaire and emailing it to WPC.Response@gmail.com

Hard copies can be returned to us by dropping your completed questionnaire through one of the following letterboxes:

13 The Pyghtle - 28 Highfields - 34A Church Road

The Parish Clerk will be advising CBC of the Parish Council's comments on this application by 8th July 2021 and a copy of our response will be published on the WPC website.

Westoning Parish Council
